*Our Dying Planet* Peter Sale,2011-09-12 Coral reefs are on track to become the first ecosystem actually eliminated from the planet. So says leading ecologist Peter F. Sale in this crash course on the state of the planet. Sale draws from his own extensive work on coral reefs, and from recent research by other ecologists, to explore the many ways we are changing the earth and to explain why it matters. Weaving into the narrative his own firsthand field experiences around the world, Sale brings ecology alive while giving a solid understanding of the science at work behind today's pressing environmental issues. He delves into topics including overfishing, deforestation, biodiversity loss, use of fossil fuels, population growth, and climate change while discussing the real consequences of our growing ecological footprint. Most important, this passionately written book emphasizes that a gloom-and-doom scenario is not inevitable, and as Sale explores alternative paths, he considers the ways in which science can help us realize a better future.

**The Collected Essays of Elizabeth Hardwick** Elizabeth Hardwick,2017-10-17 The first-ever collection of essays from across Elizabeth Hardwick's illustrious writing career, including works not seen in print for decades. A New York Times Notable Book of 2017 Elizabeth Hardwick wrote during the golden age of the American literary essay. For Hardwick, the essay was an imaginative endeavor, a serious form, criticism worthy of the literature in question. In the essays collected here she covers civil rights demonstrations in the 1960s, describes places where she lived and locations she visited, and writes about the foundations of American literature—Melville, James, Wharton—and the changes in American fiction, though her reading is wide and international. She contemplates writers' lives—women writers, rebels, Americans abroad—and the literary afterlife of biographies, letters, and diaries. Selected and with an introduction by Darryl Pinckney, the *Collected Essays* gathers more than fifty essays for a fifty-year retrospective of Hardwick's work from 1953 to 2003. "For Hardwick," writes Pinckney, "the poetry and novels of America hold the nation's history." Here is an exhilarating chronicle of that history.

**Give the Dark My Love** Beth Revis, 2019-09-24 A young alchemist turns to dark magic when a deadly plague sweeps through her homeland, in this epic fantasy from New York Times bestselling author Beth Revis. Seventeen-year-old Nedra Brysstain leaves her home in the rural northern territories of Lunar Island to attend the prestigious Yugen Academy with only one goal in mind: master the trade of medicinal alchemy. A scholarship student matriculating with the children of Lunar Island's wealthiest and most powerful families, Nedra doesn't quite fit in with the other kids at Yugen. Until she meets Greggori Grey Astor. Grey is immediately taken by the brilliant and stubborn Nedra, who he notices is especially invested in her studies. And that's for a good reason: a deadly plague has been sweeping through the north, and it's making its way toward the cities. With her family's lives--and the lives of all of Lunar Island's citizens--on the line, Nedra is determined to find a cure for the plague. Grey and Nedra grow close, but as the sickness spreads and the body count rises, Nedra becomes desperate to find a cure. Soon, she finds herself diving into alchemy's most dangerous corners--and when she turns to the most forbidden practice of all, necromancy, even Grey might not be able to pull her from the darkness.

**David Hammons** Elena Filipovic,2017-09-08 Drawing on unpublished documents and oral histories, an illustrated examination of an iconic artwork of an artist who has made a lifework of tactical evasion. One wintry day in 1983, alongside other street sellers in the East Village, David Hammons peddled snowballs of various sizes. He had neatly laid them out in graduated rows and spent the day acting as obliging salesman. He called the evanescent and unannounced street action Bliz-aard Ball Sale, thus inscribing it into a body of work that, from the late 1960s to the present, has used a lexicon of ephemeral actions and self-consciously “black materials to comment on the nature of the artwork, the art world, and race in America. And although Bliz-aard Ball Sale has been frequently cited and is increasingly influential, it has long been known only through a mix of eyewitness rumors and a handful of photographs. Its details were as elusive as the artist himself; even its exact date was unrecorded. Like so much of the artist's work, it was conceived, it seems, to slip between our fingers—to trouble the grasp of the market, as much as of history and knowability. In this engaging study, Elena Filipovic collects a vast oral history of the ephemeral action, uncovering rare images and documents, and giving us singular insight into an artist who made an art of making himself difficult to find. And through it, she reveals Bliz-aard Ball Sale to be the backbone of a radical artistic oeuvre that transforms such notions as “art,” “commodity,” “performance,” and even “race” into categories that shift and dissolve, much like slowly melting snowballs.
